

# Don't Press Send Pledge™

- \*I will carefully choose who I allow to have my cellphone number.
- \*I will not give anyone account information such as, passwords or answers to security questions.
- \*I will choose followers/friends using my compass with my guardian's assistance.
- \*I will only text words that I would say face to face.
- \*I will ask permission before taking and or posting anyone's photo.
- \*I will not send any pictures of myself or anyone else without clothing on.
- \*I am aware of the dangerous habit of posting things in order to get a number of "Likes".
- \*I will not post group pictures of an event knowing that exclusion is very hurtful.
- \*I am aware of the ramifications of my actions if I send something that is inappropriate or hurtful to another and how it could affect my future. (NYS Dignity Act)
- \*I will not have my cellphone accessible during homework hours and set a reasonable time for it to be docked for the evening.
- \*I promise not to send any pictures or texts that do not show respect to others or myself.
- \*I will follow my compass and try my best to not allow peer pressure to win.
- \*I will share my knowledge with my peers and aid in the "DON'T PRESS SEND" Campaign.
